## ZONTOS WATER • MEDICAL PROFILES 2016

ZONTOS - THE HYDROGEN WATER COMPANY

### What does **MOLECULAR HYDROGEN** do?

Molecular hydrogen activates antioxidant enzymes and selectively scavenges dangerous free radicals in the body which cause inflammation and oxidative stress. Because hydrogen is naturally created in the body's intestinal tract, it has a high safety profile, which is unlike other antioxidants and chemical medications. It is the smallest molecule and can travel everywhere in the body, neutralizing those hydroxyl radicals, turning them into harmless water molecules. Hydrogen also "up regulates" the body's natural antioxidant defense system, assisting in the body's natural ability to fight against disease.

HUNDREDS OF CLINICAL TRIALS AND SCIENTIFIC STUDIES HAVE BEEN PERFORMED SHOWING HYDROGEN WATER TO HAVE THERAPEUTIC HEALTH BENEFITS IN OVER 150 DISEASES INCLUDING:

- Parkinson's
- Lupus
- Cancer
- Lyme's disease
- MS
- Auto Immune disorders
- High cholesterol
